Thursday - AV Group

This week we have another treat. Many members of the club will have seen, and admired, Andrew Gagg's award-winning sequence ***King Krak and the Dragon***. Andrew will spend some time de-constructing the sequence to give us an indication of the thought process and "nuts and bolts" used in its construction.

If you are thinking of trying your hand at this form of artistic expression this is a 'must not miss' evening. For the usual attenders please also bring your own sequences.

NB The next newsletter will be on **11th April** Don't forget to check the [website](#) for info & changes.

Remember the **Annual Club Show** - deadline of **5th April!**
